

SAFE KIDS DAY

Celebrate kids. Prevent injuries. Save lives.

Supported by    

Kids are going to fall, crash, slip, explore. It's part of being a kid. But we can protect them from serious injuries due to motor vehicle crashes, fires, drowning and more. Preventable injuries are the #1 killer of kids in the U.S. and each year a million families around the world lose a child to these injuries. This is a problem we can fix.
